About PLANTICA-APSR

The Association of Plant Science Researchers (APSR) under the aegis of Plantica Foundation was established in 2017 with the aim to advance the understanding and application of plant sciences by creating a dynamic and collaborative community of researchers and practitioners, committed to achieving a sustainable future for plants, humans, and the planet.

PLANTICA-APSR Student Chapter

The PLANTICA-APSR Student Chapter is a dynamic and dedicated group of students passionate about agricultural, applied and life sciences. As a student-led organization, their primary objective is to promote education, training, research, and knowledge exchange in these fields. They strive to empower students and professionals by organizing conferences, seminars, symposiums, and workshops that foster collaboration and innovation in the agricultural industry.

Vision

The vision of PLANTICA-APSR Student Chapter is to be a leading platform for students in agricultural and allied sciences, dedicated to promoting excellence in training, research, and knowledge dissemination. We strive to create a collaborative and innovative environment that nurtures the growth of future professionals and researchers in the field, contributing to sustainable agricultural practices and advancements in allied sciences.

Mission

Our mission is to provide students with opportunities to enhance their skills, knowledge, and research capabilities in agricultural applied and life sciences.

Objectives

- Promote Agricultural, Applied and Life Sciences Research
- Networking and Collaboration
- Organizing Conferences, Seminars, Workshop and Symposia
- Dissemination of Knowledge
- Community Engagement and Outreach
